

"Thou shall not kill"

-GOD

You shall not kill them in the rain.

You shall not kill them on a train.

Not in the womb! Not in a tree!

Not in a war! You let them be!

You can not, will not, on a boat.

You will not, will not, with a goat.

Do not kill them as embryos.

Do not kill them eating Cheerios.

Do not kill them with a mouse.

Do not kill them in a house.

Do not kill them in a chair.

Do not kill them in the air.

Do not kill them here or there.

Do not kill them anywhere...

God is love. It's not His fare.

Remember how you
killed the Lamb?

***So "Stop the killing,"
says the great I AM!***
